Vented Foam Hinged Lid Containers

*Preserve the Quality of Food Longer in
Vented, Quality Containers*

- ✓ **Vented**
Vent holes on sidewalls of the lid preserve food quality (i.e. crispiness) by allowing steam to escape.
- ✓ **PERFormer Hinge**
The PERFormer perforated hinge on 90HTPF1V and 90HTPF3V containers allows for easy lid removal, offering a less cluttered dining experience and an additional plate for meal sharing.
- ✓ **Secure Locking Mechanism**
The unique “hook” design of the dual tab closure offers added security in handling by preventing unintended openings.
- ✓ **Extended Perimeter Seal**
Provides a secure seal around the entire container, reducing the possibility of spills.
- ✓ **Insulated**
Maintains hot or cold foods at their proper serving temperature longer, while allowing the consumer to comfortably hold the container.

Stock Number	Description	Dimensions	Packing Sleeve/Case	Case Cube	Case Weight

Vented Foam Hinged Lid Containers

Feature	Advantage	Benefit
Vented Lid	Allows steam to escape which may otherwise affect the quality of the food (i.e. cause it to get soggy)	Increases customer satisfaction by preserving food quality
PERFormer Hinge Available	Allows lid to be removed from base for enhanced dining experience	Increases versatility and customer satisfaction
Dual Locking Tabs w/Hook Design	Prevents lid from opening unintentionally	Reduces customer complaints
Continuous Height/Raised Compartment Divider	Keeps food and sauces in their proper compartments	Preserves food quality and increases customer satisfaction
Extended Perimeter Seal	Reduces accidental spills during transport	Reduces customer complaints
Curved T-Bone Design	Adds strength to 3-compartment divider	Increases confidence when handling container
Deeper Base	Prevents foods and liquids from accidentally spilling	Reduces customer complaints
Insulated	Keeps hot foods hot and cold foods cold	Increases customer satisfaction
Perimeter Step on Base/Reservoir	Provides strength and an area to grab on to container	Increases efficiency as container is easier to handle
One-Piece Construction	Eliminates lid confusion	Increases operational efficiency
Stacking Platform	Allows stacking of multiple containers	Increases efficiency of space utilization
Raised Platform on Container Base	Provides portion control	Increases profits through lower food costs
Printed Sleeves with Bar Code	Items can be easily identified and scanned for sale	Easy product selection and increased pricing accuracy
Multilingual Text on Sleeves and Cases	Can be read in English, Spanish, and French	Increases sales in other than English-speaking markets
Custom Embossing (for qualifying volumes)	Provides customer name recognition	Increases repeat sales
