

HOT & FRESH

TOASTER SHEETS

Consumers prefer their grinders toasted. It turns a snack into a meal, increasing the perceived value of what's being served. McNairn's Hot & Fresh Toaster Sheets are perfect for this purpose!

Made from a special heat resistant paper with a proprietary release coating, you can assemble your sandwich on the sheet, place it in the oven for toasting, and then use this carrier sheet as part of the take-out packaging or serving package for eat-in. This means once you have created this great looking sandwich, you do not have to disturb its delicious good looks.

But wait! There's more!

McNairn's Hot & Fresh Toaster Sheets are not just for sandwiches! Try using it when preparing appetizers. No more pans to wash. Use this perfectly sized sheet for appetizers that must make their way through the oven for heating or cooking before serving. After plating the appetizer, toss the Hot & Fresh Toaster Sheet and the carrier pan is ready for re-use without having to go through the dishwasher.

McNairn's Hot & Fresh Toaster Sheets save you time, money and clean up. Don't take our word for it. Try them out and you will agree. They are a hot and fresh idea!
