\*GREEN to McNairn Packaging means sustainability, a common sense systems concept of “meeting the needs of the present without compromising the ability of future generations to meet their own needs” as stated by the World Commission on Environment and Development in 1987. Green to McNairn means the continuous improvement of our products and processes to reduce our impact on the environment.

# BPI CERTIFIED

## \* Compostable Products

### McNairn Packaging reinforces its commitment

to offering sustainable products with the award of its most recent product certification from BPI (Biodegradable Products Institute). BPI is a professional association of key individuals and groups from government, industry and academia, which promotes the use and recycling of compostable materials via composting in large scale facilities.

McNairn's offering includes select bags and wraps from the following:

- Bleached Grease Resistant with a maximum 19# basis weight (Formula 072409-A)
- Natural Dry Wax with a maximum 24# basis weight (Formula 072409-B)
- Bleached Dry Wax with a maximum 21# basis weight (Formula 072409-C)

This certification, along with the renewable materials we use, helps us to close the loop between source and end of life cycles.

BPI products can be located throughout our catalog. Look for the BPI logo.

\* **BPI** labeled products are intended to be composted in a municipal or commercial facility. Check with local officials to determine if a program exists in your community.

## CUSTOM PRINTING

Many of our products can be custom printed. Contact your McNairn representative for details.

One proof is allowed at no extra charge. Alterations may require additional charges. Quotes are only valid for 60 days from the quoted date. Please send all final artwork in electronic format - Macintosh platform preferred in Illustrator or Indesign. Electronic files will be pre-flighted/checked within 24 hours of file receipt and any problems will be conveyed to the customer within 48 hours.

\*Die lines must be obtained from McNairn Packaging. NO EXCEPTIONS.

Customer proofs will be provided electronically via email or real-time, on-line proofing system and are not to be used for color, only design layout and/or placement within a die-line. Draw-downs/Swatches must be approved for all final artwork to proceed to press. Spot cut designs require a 1/4" dead area on all four sides of sheet. Custom prints available, minimums applicable.

## PRINTING SPECIFICATIONS

- All printing is flexographic using water based inks.
- Line screen 65 - 120. Standard is 85
- Standard 4 color. 5 color available on select equipment.
- Minimum dot 3%
- Registration Tolerance: +/-1/16"
- Trapping Specs: .020" where possible or half-way under keylines
- Type/Line Specs: 5pt. For positive copy, 9pt. for reverse copy, 2pt. positive/negative keyline
- Spot Cut Maximum: 15" x 20" Final Sheet Size

## FSC COC CERTIFICATION & BPI CERTIFICATION

The mark of responsible forestry

McNairn Packaging has achieved Forest Stewardship Council™ (FSC) chain of custody certification in our quest to satisfy our goal of producing packaging from well-managed forests for our customers. Chain of Custody links the certified forest to end user products and tracks the path of the raw materials from the forest to the consumer through all the stages of processing. The FSC certification is a promise that the product comes from well-managed forests and we are audited to ensure compliance. More information can be found at [www.fsc.org](http://www.fsc.org).

BPI labeled products are intended to be composted in a municipal or commercial facility. Check with local officials to determine if a program exists in your community.

## SPC MEMBER SUSTAINABLE PACKAGING COALITION

The SPC is an industry working group inspired by cradle to cradle principles and dedicated to creating a robust environmental vision for packaging. Through informed design practice, supply change collaboration, education, and innovation, SPC strives to transform packaging into a system that encourages an economically prosperous and sustainable flow of materials creating lasting value for present and future generations.

McNairn Packaging is a focused manufacturer, servicing the packaging needs of our target markets: food service, supermarket, bakery, and food processing. Our products are proudly supplied to our end users through leading distributors of packaging and food service products across North America. We provide first class customer service, develop and maintain world class operational capabilities and always meet with distinction, Customer Specified Quality and Food Safety standards as well as the industry standards of ASI and HAACP.

McNairn Packaging is conveniently located with manufacturing facilities in Westfield, MA, Phoenix, AZ and Whitby, Ontario, Canada. McNairn is always striving to improve performance, always seeking continuous process improvement, thus providing customer confidence in maintaining positive, mutually beneficial long-term relationships.
