Stock Printed Foam Cups

HORIZON[®] LX[®]

A colorful design to brighten your sales

Horizon LX foam cups stand above all others in customer appeal. The upscale flared lip styling, smooth cup wall, and high luster finish are an unbeatable combination. And, the Horizon design adds a touch of color to any beverage service, while providing an economical alternative to custom printing.

Horizon foam cups are printed with UV inks for brighter colors and sharper print definition. UV inks emit no volatile organic compounds into the environment. Dart foam cups have never been manufactured with CFCs.
