PACTIV

## Heavy Duty White Coated Paper Plates

Coated for extra strength as well as grease and moisture resistance. This durable, heavyweight tableware is oil and moisture-resistant. Placemaker® Select plates are also cut-resistant and work well for any occasion.

Plates are safe for use in microwave ovens.

Bright White plates are suitable for all Food Service and Food Service Management applications.

- Heavyweight, tough, grease resistant coating
- Microwaveable
- Cut resistant
- Bright white is outstanding for food presentation, merchandising & take-out
- Go from the microwave to table with ease
