RESTAURANTS
Improving Your Business Productivity

BUSINESS BENEFITS

- Enhance safety and security
- Empower employees to accomplish more in less time
- Reduce operational costs
- Improve response time
- Increase overall service and satisfaction
- Save money monthly over alternative technologies

ENHANCED EFFICIENCY AND CUSTOMER SERVICE.

Providing your customers with an enjoyable dining experience is priority number one in the restaurant business, and the key to customer satisfaction is improving productivity with business two-way radios from Motorola. Motorola business two-way radios and headsets keep restaurant managers, wait staff, and kitchen staff connected ... and customers coming back.

Offered in a range of options, Motorola business two-way radios are lightweight, durable, and easy to use. They help to eliminate wasted time and inefficient processes with 1-to-1, group, or external communications at the touch of a button. Motorola stands for 75 years of innovation and quality—good reasons why restaurants choose Motorola business two-way radios.

THE RESTAURANT WORKPLACE PROVIDES MANY CHALLENGES

- The need for faster, more responsive service.
- Labor-intensive operation with high job turnover
- Reducing operational costs.
- Mobile workforces, getting more from less.
- Safety and security issues.
- Customers want a more enjoyable experience
- Establishment must be clean and well-organized.

MOTOROLA BUSINESS TWO-WAY RADIOS PROVIDE THE SOLUTIONS

- Instant communication enables faster table turnover to minimize customer wait times. Kitchen can notify wait staff as soon as meals are ready.
- Business two-way radios are easy to use, minimizing learning curves for new employees.
- Employees are more productive and can respond to customer needs in less time.
- Employees stay connected to maximize job shift productivity. Managers communicate simultaneously with wait staff and kitchen staff. Valet parking attendants communicate to maintain the flow of cars and customers.
- Security staff can swiftly respond to accidents or disturbances.
- Business two-way radios eliminate the noise and distraction of paging systems.
- Employees can call for help immediately for cleanups or to replenish a buffet or salad bar, restock the bar, or reset a table.

KEEP YOUR STAFF CONNECTED AND YOUR CUSTOMERS SATISFIED. EVERYONE BENEFITS FROM MOTOROLA BUSINESS TWO-WAY RADIOS.

A Motorola business two-way radio can pay for itself in less than 2 months.

If each employee saves 5 minutes per hour, watch your savings multiply

Hourly rate including benefits	Each radio pays for itself in ...	Annual savings for a 10-person crew
\$8 per hour	35 days	\$14,000
\$12 per hour	24 days	\$21,000
\$18 per hour	12 days	\$42,000

* Based on calculations using MSRP of \$189 for the CLS1410 radio and on the hypothetical hourly wages of a restaurant employee

NO CONTRACTS, NO MONTHLY FEES, NO PER-CALL CHARGES.

MOTOROLA BUSINESS TWO-WAY RADIOS ARE DESIGNED WITH THE NEEDS OF THE RESTAURANT BUSINESS IN MIND.

Lightweight and Easy To Wear

Weighing just ounces, Motorola business two-way radios are compact, lightweight, and comfortable for staff to wear.

Business-Exclusive Frequencies

Motorola business two-way radios operate on business-exclusive frequencies so restaurant workers can rely on clear signals with no channel interference (FCC license is required for use).

Advanced Voice Activation (VOX)

Employees like wait staff, kitchen staff, and bartenders will enjoy the convenience of hands-free operation when used with optional accessories.

Long Lasting Battery Life

A rechargeable Lithium Ion battery provides more than enough use for a standard work shift. The CLS Series comes with a battery gauge to monitor battery life.

Convenient Charging

Easy-to-use, drop-in chargers (single- or multi-unit chargers) keep radios charged, ready, and centrally located.

Keypad Lock

Helps prevent settings from being accidentally changed, eliminating unnecessary downtime.

Call Tones/VibraCall Alert

Call tones alert users to incoming transmissions to get their attention fast. In noisy work environments, the VibraCall® Alert feature is the perfect way to signal users with a vibration.

CLS Series Business Two-Way Radio

A RANGE OF CHOICES THAT MEET THE DEMANDS OF THE RESTAURANT INDUSTRY.

CLS Series Business Two-Way Radios

Lightweight, durable, and easy to use, CLS Series™ business two-way radios and hands-free headsets provide a discreet, simple, and reliable communications solution. CLS Series business two-way radios are designed to improve efficiency and response time at the touch of a button. Instant access enables employees to respond quickly to customer requests. Offered with 1 watt, 1 or 4 channels, and 56 business-exclusive frequencies.

The CLS1450c™ combines a business two-way radio with 2.4 GHz digital cordless phone capability for enhanced communication flexibility. The CLS1450c is ideal for key personnel like purchasing staff, managers, and security personnel who need to make external calls when seconds count or as part of their daily operations.

MOC4600i Motorola Wireless Message Alert Device

The MOC4600i™ Motorola Wireless Message Alert Device is the ideal way to improve communication and customer service. With the MOC4600i, customers and staff simply press a button for assistance. Your two-way radio-equipped personnel are immediately notified with a customizable voice message. From kitchen and wait staff to hosts and hostesses, the MOC4600i keeps everyone in immediate contact. The result is a quality experience for customers and more efficient use of resources for you. It's like having an extra employee on the floor—without the added expense.
